

# MY TENT

You are being invited on a **great adventure!**

It is a path that has already begun,  
which you are going to rediscover today!

It's yours, it's for you...

This path is the construction of your tent,  
**YOUR IDENTITY,**  
**YOUR BEING,** your being  
**A PERSON.**

**BUILDING UP LOVE**

You are  
the  
**TENT,**  
with all  
its  
parts.

Little by little we will find out about each one  
of these parts: how they are assembled,  
what sense they have, and what they're used  
for. Then we will be able to **pitch the tent**  
in a beautiful place, and we can  
choose **who to do it with.**

# CAMPING SUPPLIES

On this adventure, in order to reach our goal and set up the tent REALLY well...

we need to follow the directions that we find along the way.

Reflexiona y Escribe

When you see a canteen:

It's time to **STOP** and rest. Reflect and write!!!

Observa, Lee...

When you see a flashlight, that means it's a very important moment. Turn it on! It gives light!

And open your eyes wide.

Trabajo en Grupo

When you see a campfire, it's time to get together with your classmates and share your feelings and ideas.

# CAMPING SUPPLIES

## Guarda en tu Mochila

You'll also find your backpack. It's all yours, for you to pack up everything that can help you along the way. **What do you want to put in your backpack?**

## Recursos Multimedia

Songs are an important part of campfires! You will also find this guitar along your way. You can enjoy songs, and their lyrics, music and content.

This is a very special moment. In this first step we will introduce some characters that are going to start telling you their story, but you will be the one to continue their story, along with your classmates, every step of the way.

On this journey there will also be magical moments. Little film clips or whole movies will be projected onto the tent so that you can enjoy them with your classmates.

*Let the adventure begin!!!  
Live it well!*
